Dear Newcomen Primary School

We are delighted to inform you that your school has gained Enhanced Healthy Schools Status in recognition of your commitment to further improving the health and well being of children at Newcomen Primary School.

Your Enhanced Healthy Schools submission and detailed action plan highlights very clear outcomes which you aim to improve for your children over the next year.

Healthy Schools can support you in a number of ways:

- Access to Healthy Schools online questionnaire to monitor progress of identified outcomes.
- PSHE Curriculum development
- Access to programmes such as Heartstart to enhance work on pupil safety.
- Networking with other schools to share ideas

Congratulations as this is a huge achievement for the whole school community and one that you should be extremely proud of due to the dedication of your staff and of course Rachel Nugent, Healthy Schools Coordinator.

We look forward to continuing to support you as you move forward with this work. If you require any support in the near future please do not hesitate to contact us and we will be delighted to assist.

Well done once again for all of your hard work.
