At Newcomen Primary School, our values reflect our commitment to a school where there are high expectations of everyone. Children are provided with high quality learning opportunities so that each child attains and achieves all that they are able to. Everyone in our school is important and included.

We promote an ethos of care and trust where every member of our school community feels that they truly belong and are valued. We work hard to ensure there are no invisible children here, recognising everyone's uniqueness and success. We recognise learning in all its forms and are committed to nurturing lifelong learners. We are a safe school committed to improving children's confidence and self-esteem. We know that safe and happy children achieve.

This Accessibility Plan is drawn up in compliance with current legislation and requirements as specified in Schedule 10, relating to Disability, of the Equality Act 2010. School governors are accountable for ensuring the implementation, review and reporting of progress of the Accessibility Plan over a prescribed period.

Newcomen Primary School is committed to the inclusion to all and follows the recommendations set out in the Equalities Act (2010), Children and Families Act (2014) and the SEND Code of Practice (2015).

We welcome all children into our school and provide equality of opportunity to all. Every child is offered a broad and balanced curriculum and staff have the highest of expectations and set challenging targets for all children.

These opportunities are available to all children irrespective of:

- Gender
- Gender Identity
- Disability
- Faith
- Belief
- Sexual Orientation
- Age
- Social-Economic Background

Newcomen Primary school recognises and values parents'/carers' knowledge of their child's disability and its effect on their ability to carry out everyday activities. We respect every parent/carer and child's right to confidentiality at all times. The Newcomen Primary School Accessibility Plan shows how access is to be improved for disabled pupils, staff and visitors to the school within a given timeframe and the need to make reasonable adjustments to accommodate their needs where practicable.

The Accessibility Plan contains relevant and timely actions to:

Increase access to the curriculum for pupils with a physical disability and/or sensory impairments adapting and expanding the curriculum, expanding the curriculum as necessary to ensure that pupils with a disability are as equally prepared for life as the able-bodied pupils; (If a school fails to do this, they are in breach of their duties under the Equalities Act 2010); this covers teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or schools visits. It also covers the provision of specialist or auxiliary aids and equipment, which may assist pupils in accessing the curriculum within a reasonable timeframe.

Improve and maintain access to the physical environment of the school, adding specialist facilities as necessary – these cover improvements to the physical environment of the school and physical aids to access education within a reasonable timeframe.

Improve the delivery of written information to pupils, staff, parents and visitors with disabilities; examples include hand-outs, signposting, notices ahead of time, timetables, textbooks and information about the school and school events; the information should be made available in various preferred formats within a reasonable timeframe.

The Newcomen Primary School Accessibility Plan relates to the key aspects of physical environment, curriculum and written information.

Ongoing whole school training recognises the need to continue raising awareness for staff and governors on equality issues with reference to the Equality Act 2010. It is a requirement that the school's accessibility plan is resourced, implemented, reviewed and revised as necessary and reported on annually. Attached is a set of action plans showing how the school will address the priorities identified in the plan.

The priorities for the Accessibility Plan for our school were identified by:
