

Newcomen Primary School

Child's View

Review of
2022 - 2023

NEWCOMEN

Kinga Pusztai
September 2023

Do you feel safe in school? 100% YES.

Do you feel happy in school? 100% YES.

What has been your proudest moment/achievement this year?

When I got 10 out of 10 on my spellings.

Standing in front of lots of people on Family Day.

I am proud of my phonics score because I got 40 out of 40. Getting the Head Teacher's Award for talking about different countries, oceans and continents in Geography.

I am proud because I always try my best.

I am proud of my singing.

I am proud of my Head Teacher's Award for always doing the right thing.

I am proud of getting 10 out of 10 all year in my spellings and getting 40/40 in phonics.

I am proud of not asking about home time.

I am proud of myself because I have stopped fussing now.

I am proud of my handwriting because it looks like it has been printed off the computer.

My proudest moment was getting a sports certificate and a badge. I was proud to get full marks on my reading test.

Moving onto purple level reading band.

When I was on Newcomen's Got Talent and passing my test base maths quiz each week.

My proudest achievement is getting 12/12 on my weekly spelling test.

My proudest moment is how I have improved with my handwriting.

My Robinson Crusoe diary entry. I was so proud when I went on stage to perform a dance for Newcomen's Got Talent.

When I performed as a mouse in the Christmas play.

Making a chair for my teddy bear which supported 12 books.

My proudest moment was writing a report on kangaroos and passing my phonics test.

Always getting 12/12 in my spelling tests and then using them in my English.

Getting 30/30 on my Sponsored Spell.

Performing to over 100 people on Family Day.

Getting 35/35 in the single word spelling test.

Taking part in the Christmas performance.

For getting 250 reads at home certificate.

When I got 3rd place in Newcomen's Got Talent.

Getting full marks in spelling all year.

Getting my first certificate for reading.

We have lots of art materials.

Getting 45/45 in the Single Word Spelling test.

I am proud of my phonics score because I got 40 out of 40.

My proudest moment this year was every moment.

Moving up to emerald in reading.

Getting everything right in spellings and getting a lot of ticks.

Having really neat handwriting and having a Head Teacher's sticker awarded for the first time.

My high score on Sponsored Spell and my handwriting.

Singing my solo on Family Day.

Getting chosen for School Council.

Getting 49/50 on my sponsored spell. I felt pride and joyful because it was hard.

I have had many proud moments but the best was getting a high score on my sponsored spell.

Singing Living on a Prayer on Family Day.

Getting 65/70 on my grammar test and adding six marks onto my reading test because I have struggled this year with reading tests.

When I help people in lessons.

When I got the same score as my brother in reading in Y5 when he did his SATs in Y6.

Getting my first Head Teacher Award in Y2.

I am really proud when I get 100% in my spelling tests.

Playing in the school football team.

When I made a stuffed toy in Design and Technology, I was so satisfied with the finished product.

When I was moved into the bigger groups whilst attending swimming lessons.

When the crowd cheered and clapped on Family Day, I felt a deep sense of pride.

The proudest moment of this year was when I received my SATs results; I achieved higher score in each of the tests.

Succeeding in every SATs paper and when I learned to swim during swimming lessons.

When I amazingly got 109/110 in Maths.

My proudest moment was when we did Enterprise because although some parts were challenging, I really enjoyed it. Moreover when we were selling our products on Family Day, it felt nice to know that were raising all the money for SARA.

After contemplating about my proudest moment of this year, I believe that is when I achieved higher standard in all SATs subjects. Moreover, another proud moment was when we were on the residential climbing through tight spaces while I was very claustrophobic.

Getting into the choir and singing Angel Gabriel on stage for the Christmas performance. Moreover, I am proud to have achieved 3rd place in Newcomen' Easter Egg competition with my bumble bee creation which I worked extremely hard on.

Getting onto School Council and getting to know our fabulous governor Mrs Hobday. I was so proud of getting a speaking part in the Christmas performance.

Achieving 92/94 in the Sponsored Spell.

Seeing the families smile when they were buying our Enterprise items.

My proudest achievement is that every time I got a spelling wrong, I persevered and didn't get it wrong again.

Achieving 100% on every spelling test after thoroughly learning them word after word and being chosen to teach this year's Y5 how to be a responsible sports leader with KS1.

What is the best thing about our school?

We go on lots of trips.

We help each other because we love each other because we need to look after our school.

Our teachers are the best because they keep us safe.

The best thing about our school is the great people in it and our Newcomen family.

It is fun.

The best thing about our school is the teachers.

We are honest and clever.

Going to see The Ugly Duckling.

The best part of our school is all of us together.

Our school is our family.

We have rules and we follow them.

The people who work at our school to keep us safe.

Our huge field and I love the food.

The best thing about Newcomen is Mammy came here and now she can watch me on Family Day.

I like how the teachers care for me.

Everything and that everyone shows respect.

We get to learn about the world.

The field is massive and I like the trees feel safe and happy here.

Everything about Newcomen Primary School is brilliant. I love school.

Everyone is so caring and lovely.

Everything because learning is the best with my teacher.

Doing RE because we learn about Jesus.

The teachers and the children are kind.

The best part about school is everything. Everybody cares about me.

All the teachers in our school are so kind and loving.

I absolutely love my teacher.

All the teachers are super cool and kind.

Miss Pusztai looks after us and pays for Family Day.

Singing Everlasting Love on Family Day.

I like the statue of Leonardo outside.

Watching the World Cup in the hall.

Our musical instruments and the scatter logs.

Everything but one thing I love is having Miss Pusztai as our head teacher.

That we have a massive field.

Singing on Family Day.

Going to the Quad Kids Sports Festival.

The MUGA.

Having Family Day every year.

Having treats like ice-cream.

The best part about our school is in the morning when the staff open the gates.

Family Day and Newcomen's Got Talent.

The best thing about school is learning because of the teachers.

The best part of our school is our Newcomen Family.

Our teachers are amazing and the staff are very supportive.

Our school is very clean and tidy.

The best part of our school is the bathrooms are clean.

Family Day and celebrating the King's coronation with flags.

Being able to sit and calm down on the benches outside.

Fascinatingly, I specifically like the two break times we have because they help us process learning.

All the teachers brighten my day.

The teachers who try their best to help us understand the curriculum.

In my opinion, the best thing about our school is the school community and the standard of education.

The best thing about our school is that we are all a big family.

The best thing about our school is the teachers that will give up time for us.

We have class story at the end of the day. Harry Potter is my favorite because I believe in magic.

School Council Leonardo and Family Day.

Our class winning the Golden Ticket.

The teachers because without teachers we would know nothing.

We go on residential trips.

Family Day. This is truly a phenomenal day to spend with our families.

The best thing is that all the pupils get along very well and everyone feels comfortable.

There is no bullying and we are all friends.

This school has the most amazing and famous staff and greenery.

Being allowed to take library books home.

That every teacher has a picture of all the students in the classroom.

The field and the apple trees.

Personally, I believe the best thing about our school is the incredible staff.

The best thing about our school is the safety precautions we take to protect us.

The way we help the Earth.

The school is decorated so beautifully and we feel really safe here.

Truthfully, I believe this school is phenomenal and is brilliant without any alterations, Furthermore, I love my school.

All of the amazing staff who care for us and all of the books that are carefully selected and provided for us.

When we did Geography because it is my favourite lesson because I like countries and their flags.

I enjoy English with Miss Pusztai – I love her kindness and caring – she's funny.

The best part of Newcomen Primary is the phenomenal and extremely secure protection we have. For example, we have an organized process in the rare event of a fire, we have a schedule of when we unlock and lock our schools gates to prevent entry of intruders.

My best part of this year was on 13th July when I had parents' evening with my teachers and I found out that I had achieved a higher score in every subject in my SATS. Moreover, I loved hearing all the positive things my teachers and to say about me.

Our phenomenal Family Day and Newcomen's phenomenal Platinum Party.

The staff make this school phenomenal in every way possible.

The Christmas Craft night and Family Day.

Learning about the Buddhist monk lifestyle was the highlight of my year.

People learn in different ways. What helps you to learn?

When I sit next to someone who is quiet and won't disturb me.

A partner to work with.

Time to think through my ideas.

My Maths Knowledge and Word Family.

Sitting by myself.

When there is peace and quiet.

The discussions we have to do work.

Learning from my mistakes.

A vibrant calm classroom and encouragement and hope from the teachers.

Being in a quiet room, not being really hot and sitting alone.

Thinking in my head and repeating things again.

Talking to partners, tranquility and sitting next to sensible people.

Think, pair, share.

Repeat, repeat, repeat!

Knowledge assessment quizzes.

Marking our work and seeing our mistakes.

I learn by having challenges, a quiet learning environment and marking our own work.

Structured steps to follow lessons.

Having key information repeated to me.

We have enough space so that we are not all cluttered together.

By having a quiet environment and helpful teachers – a really engaged teacher. Additionally, a good input (it's always a good input by the way.)

After school boosting clubs.

Revising helps to get things into my long term memory.

A calm and tranquil environment is required for me not be distracted from my revision. Moreover, being surrounded by supportive and professional teachers who help me with any problems I have.

Having 1 – 1 time with the adult.

Having homework because it helped me to revise for my SATs and it provided me with the knowledge to accomplish the score I have now.

Spellings on the board and a class where it is ok to have a little laugh.

Being in a quiet and chilled room so I can read aloud.

Repetition and a quiet environment.

Whilst many people learn in different ways as we are all unique, I found that my teacher repeating information that we previously learnt in other lessons helped me make links in learning and remember each individual piece of knowledge.

How could we make our school even better?

I would like a golf afterschool club.

Nothing, this school is amazing.

Football goals with nets.

After school Dance Club.

We could learn more languages.

More toilets because when we were on a trip and there were 25 children sharing two toilets. If we extend by 3, it will make 5 toilets. 25 shared by 5 will be quicker.

We could have five minutes extra playtime.

I have never been to the front for birthday assembly because of St Patrick's Day. I would like it if we celebrated both weeks the week after so I still get a chance to go to the front for birthdays.

More equipment at playtime.

Nothing, it could not be any better.

We could have a full day of art.

I would like to have a pet day at school.

I think that this school is amazing but there should be some new after school clubs for example – animal club, girls' football club and DT club.

Nothing because it is perfect.

You can't make it better as it is the best school ever made.

I would like to have a French club and bells for our school.

Proper football nets for Y3-Y5.

Nothing! The school is phenomenal the way it is.

I think we should build an extension so that we have a year 7, 8 and 9.

Despite the fact our school is amazing, we could get more board games for wet playtime.

More sports equipment outside.

Maybe bring the hot wrap back.

To make more years so we can stay with you forever.

Although the school is already perfect, I would like another hero portrait in Learning Area 4.

In my opinion, I think this school doesn't need any more changes – the school is amazing.

That once a week, every class could have a class pet.

I can't think of anything to improve in this beautiful educational setting.

Can we sponsor more animals from different biomes?

Could the Y1, 2, 3 go swimming so they learn to swim when they are younger?

Our school is great as it is.

Having the best school ever, I don't feel the need to change anything about it. Although if I had to say something, we could have bigger portions of food for KS2.

You can't – the school is the BEST of the BEST! However, we could put chicken nuggets on the menu.

Newcomen primary School is perfect in its own unique ways.

Having a day when there is no football at break so we can play basketball or something else.

Larger trays for Y6 because I struggle to fit my books and school work in my tray.

I think the school is already incredible but being able to put juice in your bottle such as apple, orange and blackcurrant juice would be better.

Have juice in the classroom water bottles.

A timetable for the MUGA so there are more opportunities for different sports; one day football, another day basketball etc.

Having a timetable displayed for Y6 to prepare us for Y7.

Extend the MUGA because there is not enough room for both Y6 classes.
