There are fire doors and we have fire drills.

Yes because we have teachers that love and care for us.

I believe that the best thing about our majestic school is the teachers' work ethics.

The best thing about our school is that we are a big happy family.

We are one big happy family! Simul ut unum. Together as one.

The best thing about of school is us! We are a family.

Magically, the Christmas performance is a time for us to shine.

World Book Day, Newcomen's Got Talent and Pudsey Day.

Our field is amazing – we have scatter logs and the MUGA.

The furniture and the Hero wall and the quotes on the walls. The beautiful displays.

The celebrations with our families.

Family Day, Sports days and our Christmas fair.

Our school is really clean.

Everyone is kind and everyone is happy.

The green land and the bug hotel.

Everyone looks after each other.

The teachers.

The wild life space.

Everything.

In my opinion, I think that the democratic society that we embrace makes our school the best. Moreover, everything is amazing.

I truly feel that in my opinion my favourite thing about our school is the bonds we have with peers and teachers.

Our school is cherished, well-known and well-looked after.

Our school is democratic and everyone can vote. Our amazing teachers expand our knowledge and are the best we could wish for. I believe everything is amazing in this supportive school.

Our phenomenal head teacher, Miss Pusztai, who makes every day enjoyable and democratic.

I believe the best thing about our school is that everyone gets a say as we pride ourselves on being democratic.

Family Day in the summer – it is phenomenal.

Everything is awesome and amazing in our school.

The best thing about our school is the highly educated and positive teachers.

Our school is fair and fun.

In the summer, the beautiful flowers grow.

It is perfect because the school is in pristine condition and the learning environment is wonderful to be in.

Everything is the best! Exceptionally, the teachers are so phenomenal and the best thing of all is the Newcomen Family bond we share with each other.

Being awarded the Golden Ticket because the winning class chooses a phenomenal treat for the afternoon.

How could we make our school even better?

Nothing because the school is already the best.

Add more time to English and History.

Nothing, it is the best school it can be.

Don't change anything!

Have a school gymnastics team.

We can't. It is too good!

I can't put anything down because this school is perfect.

More David Williams' books.

Football goals for both sides of the field.

In my perspective, I think we should have a slide.

Can we have a climbing wall and a slide?

A dance club 3-4pm and a rounders club 3-4pm.

More equipment for on the field.

Although our school is already phenomenal, I think we could invest in more sports equipment.

Reduce the use of plastic in the grab bags and have an after-school bingo club.

Although our school is excellent, I would like to see a table tennis club.

I suggest we have a cooking club to improve our cooking skills.

I would suggest we add a rock climbing wall to our already wonderful learning environment.

Have a trip to the bowling alley.

I wish that we could add years 7, 8,9,10 and 11 because I do not want to leave this amazing school. I already know this won't be possible so instead I would adore a dancing club or a walking club.

In my humble opinion, I would request to have new clubs like biking club and walking club.

Perhaps an after school club where a mix of year groups participate in.

Even though our school is perfect the way it is, I would like to request a knitting club.

Although this is the best school in the whole of England, I would like to use the outdoor equipment more.

Gardening lessons.

A KS2 nature club and being in nature and going on walks as a school in our local environment.

To make our school even more perfect, I would like to use our outdoor facilities more.

Can we have an after school art club?

When it has been raining, we could bring an old pair of shoes so that we can go on the grass.

I can't name anything bad about it.

Honestly I think this school shouldn't change in any way. It is amazing.

You can't. It's wonderful.

It's amazing and wonderful just the way it is.

I am really upset that I am leaving. I couldn't ask for a better primary school.

This school is the best it can be.

In my opinion, I don't think we can make our school better because everyone tries their best to make it perfect.

You can't change the school; it is already unbelievable.

Sports equipment for every year for break time.

A place to place Lego at playtime.

Nothing. Our school is amazing just the way it is!

I believe the school is phenomenal and there is nothing to make it better.

Another scatter log but it is already the best school ever.

I have nothing to say because our school is already outstanding and incredible.

The school is already great but if we could have at least one proper classroom table for people who like to draw or play board games outside because the green benches make paper go through the holes.

Personally, I believe that this school is perfect and can't be improved.
